The high school admissions process can be challenging, and the HSPT exam often stands out as one of the more critical, and stressful, parts. Students applying to Catholic high schools in the Chicago area take the HSPT for both admissions and placement purposes. RedwoodPrep is excited to offer a best-practice preparation program to help students prepare for this exam.

A great course requires great instructors and great materials. RedwoodPrep's HSPT program delivers both. Every RedwoodPrep HSPT instructor has over 15 years of experience at a Chicago Jesuit high school, and RedwoodPrep's materials have been improved over a decade of experience preparing thousands of students for the HSPT exam. This will be our 11th year preparing students in Chicago.

The RedwoodPrep program covers all five sections of the HSPT exam and begins with a comprehensive assessment exam on day one. The next day/s focus on learning content. By program's end, students know how to tackle every type of problem on the HSPT – and effectively manage their time and the test.

Based on experience, we know that students benefit the most by holding the program close to exam day. RedwoodPrep will be hosting programs in different locations in November:
